Annual Tax Summary Documentation	🌱	🌱	🌱	🌱	🌱

The Foundation for Climate Restoration is building a movement and relies on the support of donors to activate programs and activities aimed at restoring the climate by 2050. We invite those interested supporters to join us on this journey as we engage deeply with global thought leaders, entrepreneurs, investors, faith leaders, young people, local and national policymakers, ambassadors, corporations, and more.

We offer various benefits for our donors with opportunities to grow along with the organization. If you have any questions, please contact Kye Young, Senior Advisor, Strategic Partnerships at kye@f4cr.org.
